IV. Sexual Assault Policy Letter

Dear President Schulz & Athletic Director Moos,

Two months ago Indiana University made headlines by instituting a policy to prevent the recruitment of any athlete with a history of sexual violence. Specifically those who have pled guilty to or been convicted of dating violence, domestic violence, stalking, sexual harassment, rape, sexual assault, or sexual violence as defined by WAC’s 504-26-221,504-26-222,504-26-223, and 504-26-227.

We are writing this letter to urge your immediate consideration of a new policy at WSU that would ban the recruitment of any athlete that falls into this category. The safety of our students and the surrounding community is our paramount duty as leaders, and we believe this policy will not only prevent future offenses of sexual violence, but will also send a message that Washington State University is serious about combating this issue.

It is so important that one of the most visible and foundational parts of our university take a harsh stance against those who commit such violent acts. We do not believe that this is the only answer to preventing sexual assault on our campus, but we think any step we take to prevent these horrific acts is a significant step in the right direction. As representatives of the entire undergraduate, graduate, and student athlete population, we strongly urge the adoption of this policy;

Jordan Frost
ASWSU President

Abu Kamara
SAAC President

Shane Reynolds
GPSA President
