    - The Graduate School office is working on a plan to re-open like most other university offices.
  3. Will WSU consider proposing mandatory vaccinations for students returning in the Fall?
Vaccination will be mandated for every student. This may change depending upon the federal or state guidelines. Cougar Health Services has already vaccinated 120 students.

  - Form Special Nomination Committee
  - Open Application Period ends 4/16/21 at 11.59pm
  - Review Open Applications and make nominations to Senate.
  - Vote on Nominations at final Senate meeting on 4/26/21.

  ○ Creation of special committees for elections; need volunteers.
A special nomination committee will be formed to help oversee the nomination process during the Open Application period for each vacant College Representative and Senator position.

**IAC Committee**

- The current IAC Committee will appoint one Senator in good standing from each College to serve on the Special Nomination Committee. If no senator from a College will serve, no replacements from other colleges will be made.
- The Special Nomination Committee will consist of at least five incumbent members of the senate, and no incumbent Executive Officer will serve on the Special Nomination Committee.
- The President and Vice-President applicants must run together on one ticket. The IAC is proposing an exception for this Open Application period to allow the interested President and Vice-President applicants to run separately. Language Amended and approved - If no joint ticket for President and Vice President is submitted, the committee can nominate single tickets for Senate approval.
- The special executive nomination committee would have to nominate and present applications at the next senate meeting, and then the senate would cast a vote at the next meeting to either confirm the nominee or not.
- Due to the limited number of senate meetings left, the above procedure cannot be followed.
- The IAC is proposing an exception. So, students can apply for the president/vice president position during the open application period. and then be presented to the Senate for a confirmation vote after the application period is closed.
- The formation of the special executive nomination committee will be bypassed in this case.

Timeline:

- General Election Confirmation Vote 3/29/21
- Open Application period: 3/29/21 – 4/16/21
  - Form Special Nomination Committee
  - Review Open Applications
- Special Nomination Committees/IAC present candidates at final Senate meeting on 4/26/21

General Election – Confirmation Vote

F-1-a. A two-thirds (2/3) majority vote is required to accept the election report of the IAC. Acceptance of this report certifies that the final election results are ready to be posted and that no further action is necessary unless there is a challenge of the results.

Exceptions to the Bylaws - Votes

1. Currently, the President and Vice-President applicants must run together on one ticket. The IAC is proposing an exception for this Open Application period to allow for interested President and Vice-President applicants to run separately. This proposed change is due to the notion that, due to the virtual environment, it is more difficult to connect with fellow graduate and professional student making a joint ticket problematic.
2. Currently, the Special Executive Nomination Committee would have to nominate and present applicants at the next Senate meeting and then the Senate would cast the vote at the next meeting to either confirm the nominees or not. Due to the time constraints and the limited amount of Senate meetings we have left in this semester, the IAC does not have an opportunity to proceed with the formation of the Special Executive Nomination Committee and complete the nominations prior to the end of the semester. The IAC is proposing an exception for this year to allow those students who are interested in President/VP positions to apply during the Open Applications period and be presented to the Senate for the confirmation vote after Application Period is closed. In this case, the formation of the Special Executive Nomination Committee will be bypassed. Instead, the eligibility of the candidates for the Pres/VP positions will be reviewed by the current IAC members.

Creation of Special Nomination Committee:

- A Special Nomination Committee will be formed to oversee the nomination process during the Open Application period for each vacant College Representative and Senator position.
  - The current IAC Committee will appoint one (1) Senator in good standing from each College to serve on the Special Nomination Committee. If no
Senator from a College will serve, no replacements from other Colleges may be made.

- The Special Nomination Committee will consist of at least five (5) incumbent members of the Senate, although no incumbent Executive Officer will serve on the Special Nomination Committee.
