I. Call to Order

- A. Approve Minutes (3/5/18)
 - 1. Minutes Approved

II. Guest Speakers

A. WSU Transportation Services

- 1. Spring 2017: students approved a \$5 per semester fee to increase the Student Transit Fee in order to continue providing critical transportation alternative for students, prevent reductions in service and provide adequate funding to sustain current service level for the next 7-10 years.
- 2. 2018 Proposal: Increase at 5% (\$3.26 per year)
- 3. If not approved, reduction in transit service levels and key routes will be adversely affected.
- 4. Recent improvements include the Sunday service, improved express service and new mobile application.
- 5. Questions and comments from senators:
 - a) What is being done especially for graduate students during vacation periods in parking and transportation?
 - (1) Free parking during vacation proposal: discussed during university parking and transportation task force.
 - b) There has been a demand for service on the southside of campus - virtually answer on emails and calls over the past 3 years. What is the reason?
 - (1) It is an issue of “distance to central campus” priority.
 - (2) Reply from senator: we request to move this issue as a top priority.
 - (3) Speaker mentioned that this will be brought up at transit advisory group.
 - c) Why is all this increase being requested year after year?
 - (1) Costs and salaries are increasing, including those of transit, fuel, repairs... and all those are typically represented by unions.
 - (2) The city has other temporary funding sources but those are momentary.
 - d) Comment from Senator: app issues include accuracy in arrival time and occupancy percentage, sudden changes in routes.
 - (1) This will be looked into.
 - e) Why we don't push the city of Pullman to raise for taxes instead of constantly asking to pay more fees for transit?
 - (1) No sure we can propose this (no clear answer).
 - f) It seems like there is a good chance that next year an increase in fee will be asked.
 - (1) Potential as long as there is a need and as long as a business case is made.

- g) Has the increase from last year been enacted?
 - (1) Yes, the \$5 increase from last year has been enacted.
Students are asked to vote for the 5% increase.
 - h) How are those fees being set?
 - (1) Total cost of the program focused on the routes that serve the students the most.
 - i) Does staff and faculty pay a fee? Or is all the burden put on students?
 - (1) There is a not a way to assess the employees a transit fee.
 - j) Can we be provided with an exact consequence of the vote not being in favor of the increase?
 - (1) Hopefully nothing will happen immediately, but that would be up to the transit group.
- B. Motion to push the vote for the upcoming senate meeting on April 9th.
- 1. Motion passes

IV. New Business

A. Spring 2018 NAGPS LAD Review

1. Jennifer, Candace, Shima, and Josh gave their assessment of the legislative landscape in D.C.
2. Trip from 3/7 to 3/12. Advocated for issues pertaining to the PROSPER act, Dream Act, Title IX and the ongoing travel ban.
3. Meetings were particularly good and fruitful this time. If anyone wants to get involved, Cougar day at the Capitol is an excellent opportunity.
4. Senators were urged to keep advocating and doing the best they can even if in small actions are issues.

B. Bylaws Revisions (for more details, refer to 3/26 Slides)

1. Proposal to modify the senator term period (new sections: article V - section 7, article 1 - section 2.E). Questions:
 - a) Are face to face meeting required over the summer for senators? Why not from move the serving time to August 16th- August 15th?
 - (1) You have to be a student to serve and some students graduate in May.
 - b) How would this affect special elections?
 - (1) The senate will be fine as long as they meet quorum.
 - c) Will this affect absence tolerance?
 - (1) No since everything will be handled electronically.
 - d) Will there be extra compensation over the summer especially since replying to email is part of the job?
 - (1) No. Executive members work over the summer with no extra pay.
 - e) When will this be in effect?
 - (1) Starting the following year since it is too late to implement it this year.
 - f) If this will not be in effect for this year, why not leave it up to next year's senate?
 - (1) Because then it will be two years until the senate enacts this section.

2. Proposal to modify Article VIII to a new Article VII Section 1A (Amendments to the Constitution)
 - a) Motion Passes
3. Proposal to modify Article III Section 10 B to a new Article 1 Section 2.H - Quorum
 - a) Motion to modify the language from “voting members” to “filled seats”
 - (1) Motion does not pass
 - b) Quorum vote: 27 approve - 4 refuse - 11 abstaining**
4. Motion to move the voting process to next meeting
 - a) Motion passes.
 - b) Remaining points are list of proposed modifications only.
5. Proposal to modify Article II Section 2B to a new Article V Section 6, Article I Section 3.D - Apportionment
6. Proposal to modify Article III Section 10 to a new Article I Section 2- Senate Meetings
7. Email the director of Internal Affairs with comments and concerns about the changes. Voting will happen during the next meeting.

V. Adjournment

GPSA Executive Board Reports

March 3, 2018 - March 23, 2018

President - Shane R. Reynolds

- 3/5
 - Worked on budget reconciliations
 - Completed CUB space allocation application. The CUB has moved to an every three year system where they will evaluate whether RSOs are using the space adequately.
 - Attended Senate
- 3/6
 - Commented on bylaw changes that will be proposed soon.
- 3/8
 - Chaired Executive Board Meeting

 - Worked on PDI org chart
 - Confirmed election results after Internal Affairs certified election.
- 3/9

- Met with David Downing regarding the Financial Wellness Fair April 13th. Discussed GPSA funding prizes and parking spaces as well as the general plan for the event.
- 3/19
 - Finished budget reconciliations to aid Amir in developing our S&A request.
 - Attended AVP candidate luncheon
- 3/21
 - Attended SGC President's call regarding student walk out on the Tri Cities campus on 4/20. The discussion mainly centered on whether to ask faculty to release their students or just leave it up to them. Consensus was to encourage faculty to participate if they want to because they also have a stake in campus safety. We also felt that we shouldn't "tell" the faculty to support something because they may not.
 - Discussed the future of WSA and GPSA. They want to create a graduate student issues specific position. I discussed this with Amir and Josh and the feeling was they are going to do it whether we oppose it or not. My opposition is because WSA should be advocating for G&P students anyway, and giving them a single permanent position will then allow the organization to sequester all G&P issues to that person.
 - Discussed with Student Involvement how GPSA might improve our interactions and relationships with the RSOs that we support.
- 3/22
 - Chaired the Executive Board Meeting
 - Grants will be introducing policy changes at the last senate meeting
 - We selected Senator of the Year Awardees
